Meeting Minutes

October 2003

The monthly meeting of Chapter 90 was held on the show room floor of the Omeara Ford agency located at 104th Ave and I-25. The meeting was held on the show room floor because the conference room was booked by someone else, as will be the case in November. In attendance were Dave Teich, Jim Shaw, Mauri Kaiser, Les Sullivan, Mario Accardi, Phil Pillitteri, Dub Feth, Hal Johnson, Larry Stoughton and Don Lorentzson.

The meeting convened at 7:06 PM. The meeting was short because of the lack of a projector and other such items which will be available when we start to use the main conference room.

Jim Shaw reported that the AMA is considering negating insurance coverage for gasoline and glow powered airplanes using Lithium batteries. They have come to the conclusion that such batteries present an explosion and fire hazard.

In absence of a video tapes, members were asked to discuss projects that they were working on. Jim Shaw talked about his Nicuport 28 C-1 that is nearing completion. Mauri Kaiser stated that after nearly 3 years, he is about to paint his Stinson Reliant. Les Sullivan talked about his recently completed Fieseler Storch and the problems matching paint and plastic covering colors.

Larry Stoughton told of his experience at Mitchell. At night his airplane trailer had a fire in it caused by a battery short in one of his transmitters. The transmitter was of course destroyed as was the electric in six models. His home owner's insurance made good on most of the damage.

Dave Teich pulled his own number out of the hat and won the \$15.00 door prize.

The meeting adjourned at 7:50 PM.

We have a new member;

Max McCartney, 715 Lansing St. Aurora, CO. 80110, Tel:303-344-8018. belongs to Jeff Co Club. Welcome Max.
